Charitable Gift Giving Program

FOR CHURCHES

Support The Spirit Of Giving And Positively Change Lives

Dear Potential Donor,

Michael C. Sanders Financial Concepts, Inc. and we're looking for a select group of donors for this cutting-edge special tax benefit strategy that financially benefits motivated donors who are willing to ensure the future financial success of these faith-based organizations, their people and their communities. The Charitable gifting platform provides for long term financial stability, jobs, and a five-year financial infusion to pay for policy premiums. It also provides capital for church missions. When using our gift-giving platform, members don't have to die to be a blessing to the church.

We need a onetime donation from our donor(s) (professional athletes, entertainers and successful business leaders and other accomplished personalities). \$7.9 million dollars is the gift amount that we are seeking. This amount will generate over \$100 million dollars in life insurance gifts to 14 church organizations and dollars for job training that will enhance the job skill sets of individuals for today's employment, unemployment and underemployment, which is an unfortunate reality of this the 21st Century economy, especially in the current coronavirus environment.

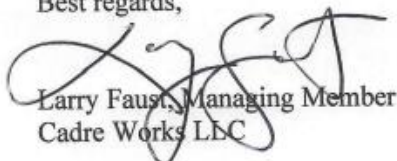

In urban communities and rural areas all over the country, churches often represent great places to promote individual and community growth for the individuals and communities. Most churches deliver a faith message and programs intended to enhance the lives of those who they serve. Our Focus is to create a program to enhance the development of these human resources and sustain the mission of the church and community. Adding a life insurance component and jobs training to the church's portfolio of services are benefits that will raise the profile of the church and the opinion of surviving families in a time of loss.

Our Charitable gifting strategy [program] uses life insurance policies for the first part of our platform and the second part of our platform is a technical jobs training program. **For 280 members, the donor will pick up the premium cost and contribute for the computer job training program.** Policies will be owned by a special life insurance trust crafted by attorney Gregory T. Bailey of Douglasville, Ga

(see ILIT via Crummey provisions and legal labels)

We stand ready to answer your questions and look forward to working with you.

Best regards,

Larry Faust, Managing Member
